

MHA Care Homes win for C24

MHA Care Homes selects C24 to handle the hosting and management of its critical business applications for its 150 care homes.

January 2010 – MHA Care Homes one of the largest care home providers within the UK has announced that C24; the hosting and application delivery specialist, has won its account to host its mission critical applications that serve its 150 care homes.

The solution provided by C24 will be delivered from its tier 4 data centre and includes full systems hosting, back-up and 24 hour support for certain critical business applications.

Network resilience and the speed of application delivery were key issues for MHA, and the advantages of using C24 over other suppliers, was that they specialise in the delivery of business critical applications and data couple with this C24's strong client centric model meant the decision was relatively easy.

Paul Hemming, Managing Director commented that "the C24 team were delighted with this appointment as it firmly placed C24 as a leader in the market place to deliver applications to multi site business based throughout the UK".

"It is critical that MHA care homes have constant access to the corporate network. C24 expertise in the delivery of business critical applications via either an MPLS or VPN means that we are ideal business partner for MHA".

Working with C24, MHA Care Homes have the flexibility to tailor the UK WAN to support its specific operating and support requirements. MHA have long term strategic plans for their hosting and WAN supported by C24.

HOSTING • APPLICATION DELIVERY • SYSTEMS INTEGRATION
