

Global delivery of applications.

C24 takes space in 2nd data centre

Hosting and application delivery specialists C24 have taken space in 2nd data centre

February 2011 – C24 the application delivery and Microsoft Dynamics hosting specialists are pleased to announce that they have taken space in a 2nd data centre due to existing and new client demand for their specialist hosting services. The site situated in Banbury is to be used as a data replication and disaster recovery site for a number of existing clients.

C24 has experienced significant growth in the first quarter of 2011, with the business taking on 8 new clients, 4 hosting and 4 systems integration and management solutions.

David Ricketts, Head of Marketing commented “we have experienced exceptional growth in the first quarter of the year and the projections for the rest of 2011 look very good. It was decided late last year that we really needed to take on space at a further data centre to address the demand for disaster recover and data replication”.
