CLIENT REFERENCE

“ We have worked with the team at C24 for many years. They supply us numerous solutions in technology and IT management and we have always found them to be competitive and proactive in the management of our account. As one of the UK's leading schools it is very important that we have suppliers that we can rely on, C24 are definitely within that category. We would recommend them to anyone that approached us about the services we receive. ”

C24 SOLUTIONS

C24 provide a range of on premise managed services to the school including, hardware procurement, soak test and delivery. Virtualisation technology, wireless technology, SAN technology and much more.
